

WhirlBath™ LemonKleen

Disinfectant/Cleanser

WhirlBath LemonKleen is a concentrated one-step disinfectant and cleanser. When used as directed, it helps disinfect and control cross-contamination on hard non-porous surfaces, including:

- Floors
- Walls
- Whirlpool interiors
- Metal/stainless steel
- Glazed porcelain
- Glazed ceramic tile
- Plastic
- Vanity tops
- Shower stalls
- Bathtubs
- Cabinets

Uses:

WhirlBath LemonKleen is a phosphate free formulation designed to provide effective cleaning, deodorization, and disinfection specifically for hospitals, nursing homes, medical and dental offices and clinics, schools, colleges, hotels, motels, transportation terminals, office buildings, food service establishments, lodging establishments, retail businesses and athletic/ recreational facilities, where housekeeping is of prime importance in controlling the hazard of cross contamination.

EPA Approved Product

For Novel Coronavirus (2019-nCoV / COVID-19)

Product Description

WhirlBath Lemon Kleen

4 - 1 gallon

Disinfectant - Fungicide - Virucide

EPA Reg. # 1839-95-69239

WhirlBath Lemon Kleen has demonstrated effectiveness against viruses similar to **2019 Novel Coronavirus (Human Coronavirus (Strain 229E))** on hard, non-porous surfaces. Therefore, **WhirlBath Lemon Kleen** can be used against **2019 Novel Coronavirus** when used in accordance with the directions for use against **Human Coronavirus (Strain 229E)** on hard, non-porous surfaces. **Note:** Dwell time for disinfecting equals ten minutes.

Refer to the **CDC** website at <https://wwwnc.cdc.gov/travel/notices/alert/novel-coronavirus-china> for additional information.*

*"If there are no available EPA-registered products that have an approved emerging viral pathogen claim for COVID-19, products with label claims against human coronaviruses should be used according to label instructions."
